THANK YOU FOR CHANGING LIVES

Fighting hunger and feeding hope one spoon FULL at a time.

Your purchase of any *A Spoon Full of Hope* product and gift goes to support Second Harvest Food Bank's no cost, 16-week Culinary Training Program for disadvantaged adults.

More than 385 have graduated from the program with a 95% job placement rate. Meet one of the students who has successfully graduated from the program.

This is Enas's story.

Enas was at her wits end. Her husband's business closed permanently. They were stuck at home with three kids in the middle of a pandemic. Their extended family lived 6,000 miles away.

A friend introduced her to the Culinary Training Program where Enas learned many culinary skills, refined her technique, most importantly, she built her confidence. After completing the program and an apprenticeship, Enas opened Nosa's Bakery. Her small business creates stunning cakes, delicious pastries and other baked goods.

Your purchase allows people like Enas to get a second chance at life and nourishes multiple souls in more ways than one.
